Cement Board

A premium construction solution from Intact Middle East — certified quality, fast UAE delivery, and dedicated technical support for every project.

★★★★★ 4.8 RATING

Made with GAMMA

What Is Cement Board?

Cement board is a durable, high-performance building panel designed for demanding construction applications. Engineered for strength and longevity, it serves as a reliable substrate for wet areas, exterior cladding, and heavy-duty installations. Available through Intact Middle East for projects across the UAE.

Made with GAMMA

Why Choose Our Cement Board?

Certified Quality

Meets recognized industry standards for construction materials.

Fast UAE Delivery

Reliable logistics to your site across all emirates.

Technical Support

Expert guidance from specification through installation.

Applications & Use Cases

Ideal For

- Wet areas: bathrooms, showers, and kitchens
- Exterior cladding and facades
- Floor and wall underlayment
- High-traffic commercial spaces

Cement board's moisture resistance and structural stability make it a preferred choice for both residential and commercial projects throughout the UAE.
